

Austin Bisschop

11 Years old

Hometown: Dorchester, Ontario

Austin has been racing for the last four years and racing is truly in his blood. His grandfather Don Hendricks was an very talented and competitive stock car racer for many years racking up numerous victories and championships.

Austin was introduced to racing at age 7 by his uncle Scott and cousin Tyler Hendricks. After a steep learning curve Austin truly began to show how much he really enjoyed racing. Moving to WRKC at the age of 8 Austin would really begin to learn what it takes to become a successful driver. The level of competition combined with large classes over the years have pushed him to work on his abilities in order to become the best driver he can be.

After a seemingly short racing career Austin has been able to score three WRKC championships and also two BSRKC championships in Novice and Cadet.

Austin is also extremely proud of his three BSRKC “Bear” wins as well as his three Oktoberfest Grand Prix Victories in Cadet, Novice & Jr. Lite.

When not racing, you can find Austin at the arena where he currently plays for the Dorchester Dragons Pee wee “A” team. Austin also enjoys playing soccer, lacrosse, and road hockey but his true passion is for racing.
