October News Letter

Long Range Planning/Flamboro Speedway

After months of hard work and dedication by several WRKC members and the executive, the club has reached a long term agreement with Flamboro Speedway for us to build our own Go Kart Track at their facility. Things are moving very quickly with construction scheduled to start any day and the track opening being scheduled for the spring of 2008.

This is an exciting time for our club being able to build our own track, but it is going to take a lot of hard work and money to complete this project. At this time we are taking \$250.00 donations to put towards this track. Anyone wishing to contribute please fill out the attached form and return it to The Waterloo Regional Kart Club. It is going to take support from all our members to make this project happen. We would like to thank the many people and companies who have already put toward this huge project.

Final details on this exciting announcement will be released at the banquet. Watch our web site for details.
