Waterloo Regional Kart Club Race 14 Report

The season drew to a close for the Waterloo Regional Kart Club (WRKC) with a special season ending thank you to our members. Any club member in good standing was able to race for free, and all visitors were only charged \$30.00 to race with the money raised going to a local charity. The club felt this would be a fitting way to thank our many members that supported the club all year.

Flamboro Machine Shop (FMS) was our race day sponsor. FMS and the Van Wyngaarden family have been very important contributors to the club. In addition to the race day sponsorship, they are a class sponsor and I don't think we had an event all year that didn't have one of the Van Wyngaarden's play an important part in organizing. FMS is located in Flamborough Ontario and provide custom machining, CNC Machining, and fabricating. They would love to help you with your next project.
