Waterloo Regional Kart Club Race 2 Report

The Waterloo Regional Kart Club (WRKC) held their 2nd race of the 2010 season on May 1st. The racers who like to run in the rain had their wish come true, the last 2 races of the day for each class were run on rain tires. Regardless of track conditions, it is already clear that it is going to be a very competitive season. Large fields and many potential race winners in each class will make for some great racing for the rest of the season.
