

Spring 2020 Update

Unfortunately, due to the on-going pandemic the start of the 2020 race season is delayed, and the track is closed until further notice. We are unable to provide any timeline on when we can expect to see go-karts back on the track, as we must follow the guidelines presented by the Government of Ontario and Health Canada. The WRKC is committed to getting in as much racing as possible this season while also prioritizing the health and safety of our members. We promise to provide regular updates on the season and ensure we give lots of notice when decisions are made. Please look for updates on our social media or by email.

We understand that many people are missing a sense of community, so we will be increasing our social media presence in the coming weeks to connect with our members and the racing community. Please like us on Facebook and follow us on Instagram @waterlooregionalkartclub. We hope these efforts can help our community feel more connected until we can be at the track together soon.

If you have any questions, please feel free to contact us at info@wrkc.on.ca.

Best Wishes,
Waterloo Regional Kart Club Executive
